

Sports Financial Services was set up to some 2 years ago to help sports club, in particular Toolstation Western League clubs, to help and aid them achieve success with improvements they needed with infrastructure projects to enable them to move up the Pyramid System or to update their current facilities.

During this time we have managed to secure over £300,000 from the Football Foundation and Sports England towards ground improvements for Keynsham Town FC, Barnstaple Town, Oldland Abbottonians, Gillingham FC, and Street FC. We are currently working with three other Toolstation clubs trying to secure funding for projects that they want to achieve.

For Sports Clubs getting started on major any infrastructure projects it can be a daunting prospect. It requires a large amount of research, resource and hours of time trying to find the right people to talk to.

Sport Financial Services advisors can lead you through the early stages of your project avoiding the many pitfalls that can occur. With our experience we can run your project for you and help you through all the difficulties. At all stages we will be able to give expert advice, which will avoid any pitfalls.

We have developed a solid process that we can be used on any project which will ensure its gets off to a good start and progresses in a controlled manner.

If you are interested in having a project you have in mind discussed, we would be only be too happy to listen and advise accordingly. If you'd like to make contact with your initial ideas, you can contact us on our website at: <http://sportsfinancialservices.com> where you can detail your thoughts.

Alternatively give us a call on 07754543719 or 07454320934

Thanks for reading this.
